

TOWN OF MIDDLEBURG

APPLICATION TO USE TOWN SIGN STRUCTURES FOR PUBLIC EVENT SIGN

This application must be submitted at least four (4) weeks in advance of the first requested display date, with the required fee, if applicable. Any sign that is new or redesigned requires a detailed rendering of the sign for approval by the Middleburg Historic District Review Committee.

Town Public Event Sign Board Specifications

1. Signs must be four feet (4') long and two feet (2') high, constructed of one-half inch (1/2") plywood or metal, with 2 holes drilled forty inches (40") apart (one each to be 20 inches from the sign centerline).
2. In accordance with design criteria approved by the Historic District Review Committee and Town Council, all Public Event Signs must have white backgrounds and must be painted white on the back. In addition, the overall design and lettering must be as simple as possible to ensure that the signs can be read from a moving vehicle.
3. An additional paddle sign, no larger than twenty-four inches (24") long and six inches (6") high, may be suspended from the sign, if approved by the Zoning Administrator.

Other Regulations

Sign reservations are made on a first come, first serve basis, within the priorities set by the Town Council as follows: 1) public events sponsored by the Town; 2) public events within Middleburg; 3) public events within a 5-mile radius of Middleburg; and 4) public events outside of a 5-mile radius. The maximum display time is two (2) weeks, beginning on a Monday morning, unless an extension is granted by the Zoning Administrator. The sign must be delivered to the Town Office no later than 11:00 AM on the working day (Monday-Friday) before the sign is to be hung. Only the Town Street Maintenance Superintendent or his designee may hang the sign. The sign may be picked up from the Town Office on the first working day following the allowed display period. The Town is not responsible for damage to or theft of signs left in the Town's storage area beyond this time period.
